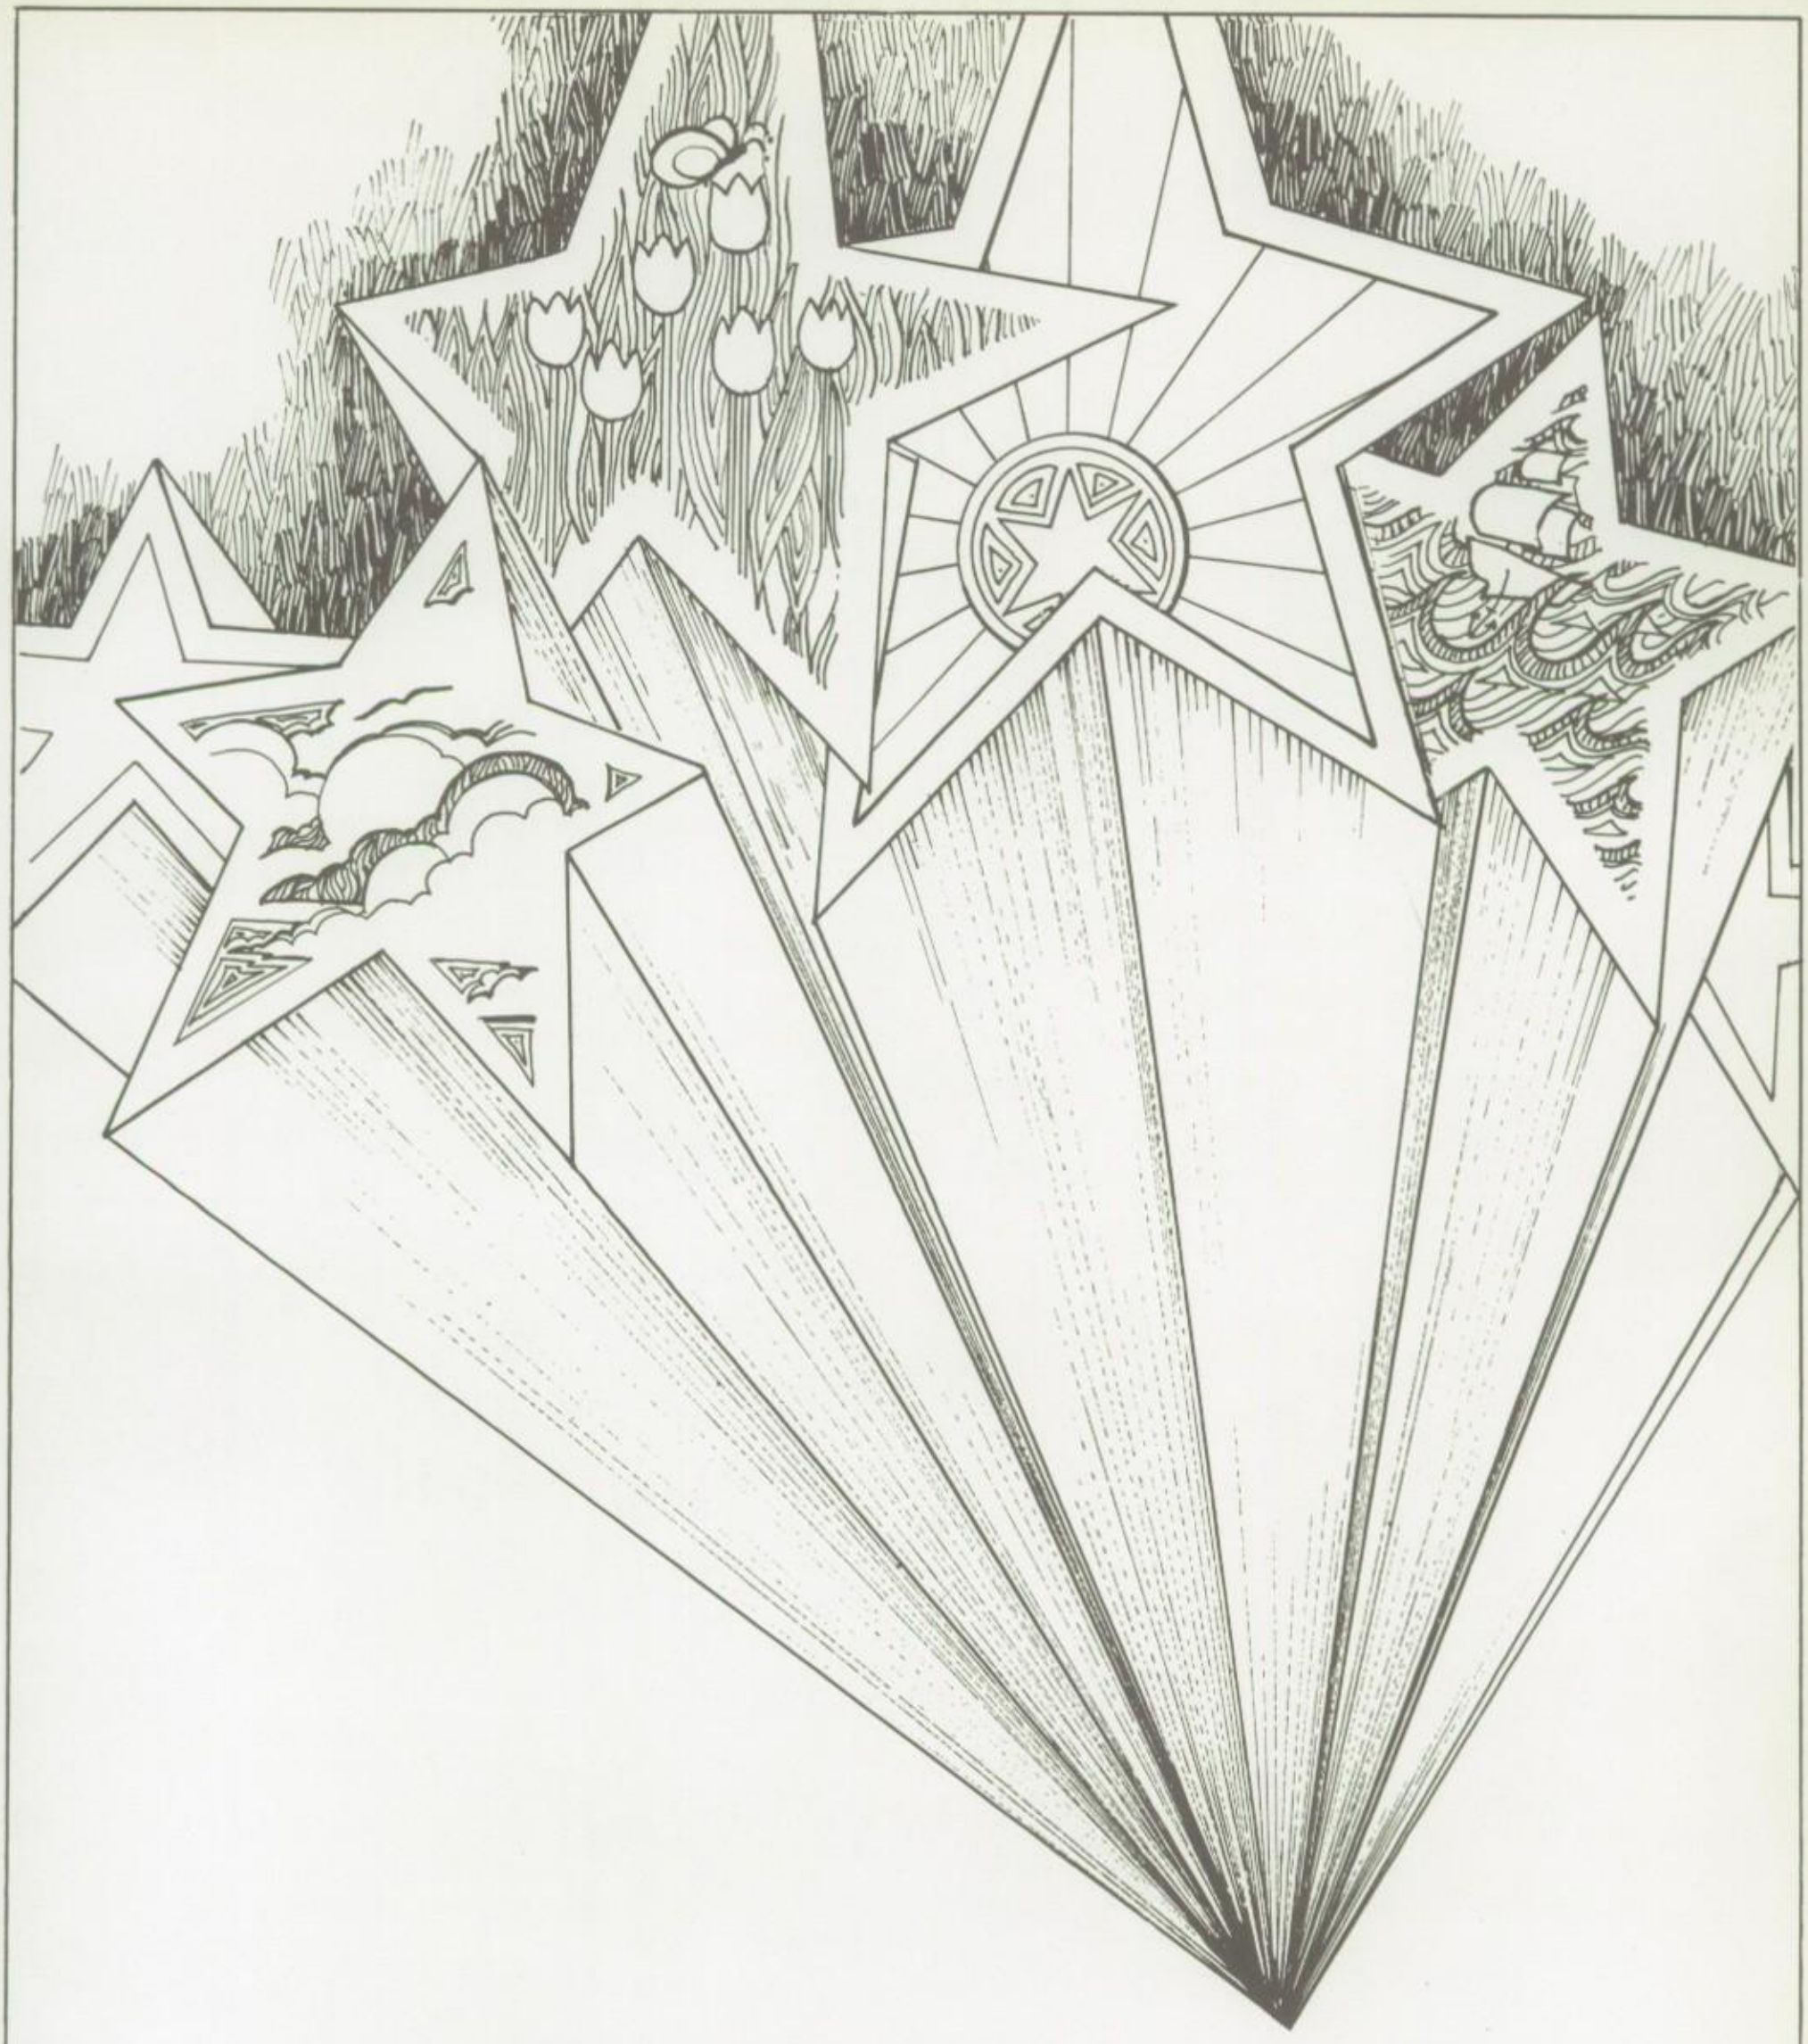
Foreword

Today, in the "Age of Aquarius," many have become interested in the future as foretold by the stars. Facets of personality, acts of nature, and quirks of fate are all attributed to the movement of the planets by some, as interest in astrology grows. We hope you will enjoy our 1971 Eagle as it tries to relate how the stars affected Holliday High School, the students, faculty, and administration alike during the school year.

1970-71
Eagle Staff



ADMINISTRATION

W. S. Thomas, Superintendent

Dedication

W. S. Thomas has been associated with the Holliday School system for most of his life. He began his education here, but, since the high school was not at that time accredited, he spent his final two years at Abilene Christian Academy. He returned home after graduation two years later and helped to build the new brick Holliday School building.

Mr. Thomas received his teaching degree from A.C.C. in 1929 and also began teaching in Holliday that year. He taught everything from business education to Spanish, as well as coaching all sports offered. He received his Master's degree from S.M.U. in Dallas and was appointed superintendent of H.H.S. in 1935.

The 41 years Mr. Thomas has spent with the Holliday school system have been characterized by the further improvement of the school, and the feeling that the school belongs to the community and should be family-oriented. Students, ex-students, faculty, and people of the community owe him a debt of gratitude for his many years of service and will miss him in the years to come.

TED PADDACK,
Director

Continuing its record of achievements, the Holliday High School Eagle Band received nine superior ratings this year under its new director, Ted Paddack.

As in the past, the band has proved to be outstanding among area bands. Individually, the members have received a greater number of high ratings at solo and ensemble contest than have been received in several years. As a group, the already-recognized group maintained its impressive image among area judges, directors, and listeners. As a group or as individuals, the band ranks in every way to its supporters.

1970 Eagle Football

Team and Coaches

MILFORD GROVES
Head Coach

BOB GRAY

DEWIGHT McNEW

The 1970 Eagles accomplished a feat that all but their fans believed to be impossible as they carried the Eagle banner to Region this year. A weak start in the beginning of the year seemed to lead to a disappointing early end, but, under the leadership of Milford Groves and the strong Eagle coaching staff, the Eagles, marching to the strains of "Dixie," - the Holliday colors all the way to the Bi-District crown.

Girls' Track

Coach Ray Coe

In its brief history, the Holliday Eaglette Track Team has accomplished outstanding district, region, and state achievements. In the three-year history, the girls, under the coaching of Ray Coe, have won the district crown twice and sent girls to region in both team and individual events; Karla Henke has been the only girl so far to reach the state level.

THE TIMES ARE CHANGING

You bet the times are changing. Today, as never before, young people are contributing directly to our way of life . . . providing fresh ideas and energy; helping shape business and industry to the needs of people in these changing times.

At Texas Electric, keeping up with change is a big job. But we're working at it — combining the energy, ideas and enthusiasm of youthful employees with the resources and experience of some grayer heads.

That's what Texas Electric is all about. A group of people — young, older and in-between — working to provide the electric service which will make possible so many of the changes and improvements the future holds.
